

FLEXIBLE POLYURETHANE TUBING - REELS PROGRAM

The Reels Program offers price savings on our flexible polyurethane tube in certain sizes and colors when purchased on 100 meter or 200 meter rolls. In addition the rolls themselves are made of durable plastic and each roll has the same size diameter no matter what size tube you order. This offers increased organization benefits when they are placed on a rack.

TUBE SIZE	12MM O.D.	1/2" O.D.	10MM O.D.	3/8" O.D.	5/16" (8MM) O.D.	6MM O.D.	1/4" O.D.	5/32" (4MM) O.D.
